**A. Personal Statement**

I currently am employed as an Informatics Research Associate for a sub-contract with the VA. My primary responsibilities have included querying the CDW at a national level, investigation data reporting inconsistencies, and development of procedures for reporting Sleep related data from the VA Corporate Data Warehouse (CDW). Prior to this, I worked as a data analyst at Oregon Health & Science University (OHSU), primarily working with SQL databases. I graduated in March 2019 with a Master's of Science degree in Biomedical Informatics from OHSU. I have been trained in healthcare analytics and statistical methods, with a focus on effective and accurate data retrieval, analysis, and visualization. Much of my coursework has addressed the issues and prospects of Big Data analysis and its application in biomedical research.
